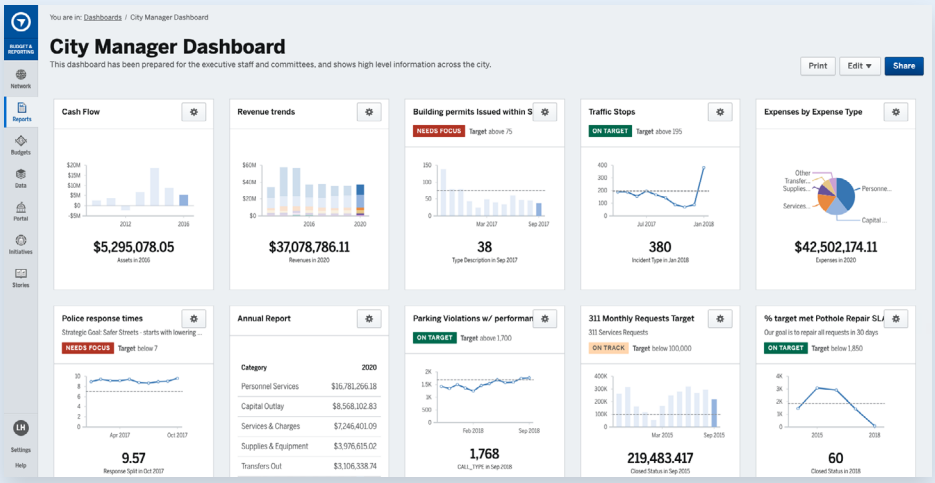
OpenGov Reporting & Transparency Platform

Drive faster, more effective decisions and understand the public response.

The Industry's Leading Reporting & Transparency Platform

The OpenGov Reporting & Transparency Platform powers the industry's only modern cloud ERP for budgeting, financial management, and citizen services. Trusted by hundreds of forward-thinking customers, the Reporting & Transparency Platform provides a seamless connection between back-office capabilities and industry-leading communication tools – transforming better citizen engagement from aspiration to reality.



> **"Without data, decision-makers are pretty much blind to what's going on. With OpenGov, they can ask and answer questions right from their desktops without a team of analysts with them."**
>
> **Robert P. David**
> Director, California OSHPD

Reporting & Analysis

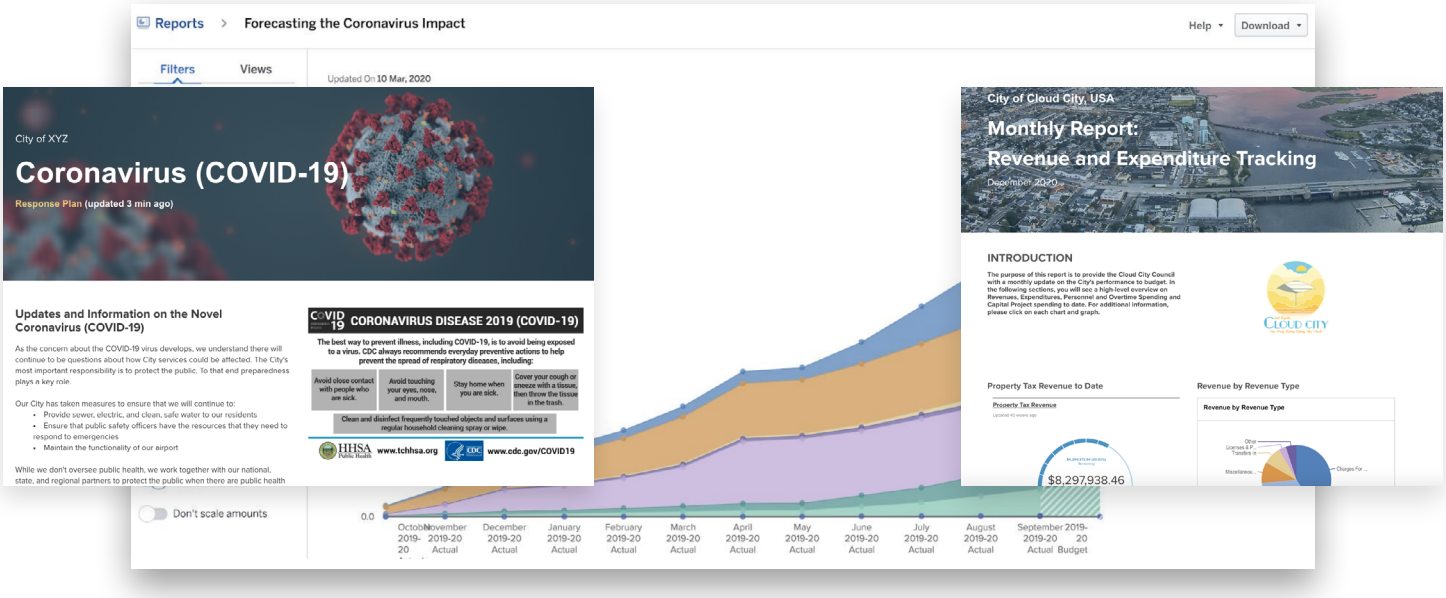
Built with a data-first mindset to drive alignment and improve decisions, OpenGov offers unparalleled reporting, and analysis capabilities to drive faster, more effective decisions.

- Present **complex information that the public, elected officials, departments, and administration can understand** with at-a-glance insights and interactive dashboards
- **Reduce reporting bottlenecks** by freeing up your IT, finance, and other staff with self-serve reporting supported by centralized administrative controls
- **Sharpen your focus on outcomes** by establishing and tracking relevant KPIs to keep stakeholders updated on spending, initiatives, and operations

Transparency & Citizen Engagement

Build trust with constituents by communicating initiatives and progress clearly while fostering better engagement through integrated tools to collect feedback and sentiment.

- Publish a GFOA award-winning **interactive budget book** online to provide taxpayers with a better understanding of how dollars are impacting the community
- **Communicate and track strategic initiatives** effortlessly with a simple drag-and-drop web-page builder and customizable themes that make it easy for board members and residents to digest key narratives
- **Run public meetings, virtual council chambers, and budget simulations** using robust forms, surveys, reports, and tools for curated feedback and compliant voting
- **Deliver up-to-date financial and operational data with context** to keep the public informed of progress and fiscal health



80%

OpenGov customers achieve an average of 80% time savings on reporting

2x

Governments using OpenGov's Budgeting & Planning solutions double their efficiency in time spent creating the budget

75%

OpenGov customers improve average permit processing times by up to 75%

What will the Reporting & Transparency Platform Do For You?

- **Improve your strategic decision-making** by getting a complete, accurate picture of your organization's finances, operational measures, and KPI's while saving an average of 80% of your teams on reporting and reducing FOIA requests by 20%.
- **Achieve your transparency objectives and broaden constituent engagement** with virtual town halls, online feedback, and online stories that align data and easy-to-digest reports with the necessary context and background information.
- **Operate more efficiently** with secure, accessible-anywhere financial systems designed for the collaboration necessary in real-world processes such as budget development and council or audit preparations.

About OpenGov

OpenGov is the leader in modern cloud ERP software for our nation's cities, counties, and state agencies. On a mission to power more effective and accountable government, OpenGov serves more than 1,000 agencies across the U.S. Built exclusively for the unique budgeting, financial management, and citizen services needs of the public sector, the OpenGov ERP Cloud makes organizations more collaborative, digitizes mission-critical processes, and enables best-in-class communication with stakeholders.

> **"We have saved over 90% of our time preparing reports, with OpenGov we can show citizens how we are being fiscally responsible with their tax dollars."**
